

# Blanket of Hope

Please help me help Sonya and Kevin who have a long road ahead of them. Kevin was just diagnosed with lymphoma, a type of cancer. Help me cover this tall man up with thoughts of health from around the four corners of the earth, or at least North America.

Sonya is a fellow knitter: <http://cottage46.blogspot.com>.

What I'm seeking:

1. Any size square or rectangle or triangle, in any pattern you'd like. I'm aiming for a crazy quilt. I'll piece the pieces together and knit any filler to make the blanket square and then add a border.
2. Any color
3. Preferably in wool or a wool blend. (Since Sonya is a knitter hand washing is okay and wool is just so much warmer than acrylic.)

When you're done, e-mail me at [basilbirdy@hotmail.com](mailto:basilbirdy@hotmail.com), and I'll send you my address to mail them to.
